

# Visitor Policy

*Effective: 04 January 2022*

---

With the emergence of the Omicron variant of COVID-19, together with the re-opening of domestic and international borders, the risk of COVID transmission has increased.

---

*To minimise risk to the health and wellbeing to you, our employees, and the wider community; we are implementing a **Visitor Policy**; effective from **04 January 2022***

1. All visitors and contractors are requested provide proof of vaccination prior to be allowed entry to the Verseng Group site unless specific permission has been granted by Verseng Group management, or if a medical exemption applies.
2. All visitors must practice good personal hygiene, physical distancing and must wear a face mask whilst visiting - even if fully vaccinated.
3. Visit requests, together with proof of vaccination should be submitted for approval at least 2 business days prior to your planned visit.
4. To pre-register as an 'Approved Visitor', send your proof of vaccination and request via [Email](#)

*Verseng Group appreciates your co-operation in being COVID Safe.*
